

CARGO BAGS

Cargo bags are equipped with durable and strong adhesive tapes provide long-lasting protection for the items they carry.

Characteristics

- It is produced from materials such as LDPE, HDPE, MDPE.
- Due to its special mixture, it is extra strong, flexible, tear-proof and eco-friendly.
- Cargo bags can be recycled and any design can be printed.
- Cargo bags can be used as gift packages apart from cargo shipments.
- Our cargo bags, which we designed based on user experiences, are very reliable with their durable structure against external factors such as rain, dust and puncture.
- Tearing is the only way to open the bag.
- Cargo bags can be designed according to your request.
- Pocket area can be added so that you can easily send the invoices and documents together with your product. At the same time, a printing area where sender and recipient information can be written is also available on the back.
- With strong adhesive tapes, cargo bags are durable and will protect the product carried inside.
